

...helping people find their way back to God.

What To Expect

The Leadership of Harbor Life is regularly meeting to discuss the best way to adapt to the ever-changing world we are living in right now. We are constantly in prayer for wisdom and discernment on how to gather safely and provide online content that continually helps people find their way to God. We thank you for your patience, grace and prayer as we do our best to sense where God is leading.

Currently:

- We are meeting in person for one service at 10am on Sunday mornings. Masks are to be worn while inside the building.
- The Harbor Kids program is online. Justin and Danielle are continually trying to engage your kids in new and creative ways.
- We are asking everyone to come into the building through the doors in the front of the building (Wallace).

We will continue to evaluate the number of cases in our area and provide the safest most meaningful environment for worship each week. Thank you for your prayers as we discern the best path forward.
