

Missions Scholarship Application (revised 10/2015)

Assisting Children & Students

We place a high value on helping children and students strengthen their relationship with Christ and with each other through service projects and mission trips. We believe a trip's cost is the responsibility of the individual and their family; however, we encourage families with financial needs over and above fundraising efforts to apply for assistance.

This process allows us to grant scholarships within budget capabilities to those in need. It is designed to help children and students participate in acts of service that they otherwise might not have been able to afford to engage in due to cases of parental job loss, unexpected financial strain in the household, non-manageable expenses due to multiple children participating, low income, etc.

Scholarship Details

- Scholarship approval is based on several factors; need, participation in available fundraising, number of scholarship requests, and available budgeted scholarship funds.
- Scholarship awards are limited to a percent of the trip cost and will not cover the entire amount as we believe in both partnership and personal ownership.

Scholarship Application Process

- The parent/guardian determines the dollar amount still needed after deposit and other payments (including fundraising) are applied; then submits the completed application.
- The completed application is reviewed by the Missions staff team to determine what amount, if any, may be awarded.
- Notification of the scholarship approval and amount awarded will be communicated to the parent/guardian.

MISSIONS SCHOLARSHIP APPLICATION

Assisting Children and Students

Please return this completed application to any staff member.

SECTION A: *To be filled out by student*

Student Name: _____

School: _____ Current Grade: _____
